Curriculum at a Glance – Summer Term 2

What we are learning in KS1 this term

Mystery pondering!

During some of our extensive spring cleaning we have stumbled across some old photos of a school pond that was created in the grounds about 13 years ago. The pond has disappeared without a trace under years of undergrowth and soil, but we would love to dig deep to find it! If you know anything about the pond, or would like to help us rediscover it and bring it back to life (complete with goldfish!) we would love to hear from you.

Reflection of the week from Mari Palmer – Director of Education

This week we are returning to the Faith at Home – Racial Injustice Resource:
The Bible teaches from the start that everyone is created in the 'image of God' and therefore has infinite worth. Right at the end of the New Testament, we see a picture of what God's kingdom will look like – a place where people of every race, country and language come together, all equal and all enjoying being together. However, in reality, we see that not everyone is treated equally, fairly or kindly. We hear God warning people to 'act justly', but instead of celebrating how wonderfully different we all are, people have instead mistreated or hurt others – just because of the colour of their skin. The Bible says this makes God very sad and angry, and challenges us to do better – to love ALL our neighbours.
What does it mean to 'love my neighbour'?
• How can we help bring about the sort of world God intended, where all are free, equally valued and able to live life to the full?
• How can we celebrate our differences?
• How can we stand up for people who are hurt and mistreated?
• How can we show with our words and our actions that racial injustice is wrong?
• How can we 'be the change'

Kind regards
