Reflection of the week
Christian Aid Week 12th – 18th May - Clean Water
'Clean water' is part of the Justice Series, developed in partnership with Christian Aid. Christian Aid works with organisations in many nations to improve the water quality for local communities.
In some parts of the world, people walk miles to collect their water, and often it's filled with dirt or diseases. Christian Aid works with organisations (partners) all over the world to help communities who don't have access to clean water. If you want to, you can write or draw a thought or prayer for people without clean water.

Thank you for your continued support
Yours sincerely

Michelle Norris
